SCHOOL FOR  
CONTINUING EDUCATION**

## **Message from the Vice Chancellor**

### **Dr. Ramesh Bhat**

I take this opportunity of congratulating all of you on your decision to join NMIMS Global Access School for Continuing Education (NGA – SCE) of NMIMS (Deemed – to - be – University). I am happy that you have joined the growing community of learners at NMIMS.

Shri Vile Parle Kelavani Mandal, a Public Trust and a Society in Mumbai since 1934 whose goal is to advance the cause of quality education in India, set up Narsee Monjee Institute of Management Studies (NMIMS) in 1981 at the initiation of University of Bombay (now University of Mumbai). By 1994-95, NMIMS had emerged as one of the top 10 B-Schools of India. Since then it has maintained its leadership position in Management Education in India. NMIMS was also accredited by NAAC in 1999 at a 5 Star level and subsequently at level “A”. Based on the work University had done in Management Education, the Government of India conferred on it Deemed to be University Status under section 3 of the UGC Act in 2003. Since then NMIMS, as a University, has grown many fold, such that today it offers programs in diverse Sciences, Architecture, Law, Economics, Business and Commerce and these are over and above its continued dominance in the field of Management Education where its Business School is today considered one of the la crème de la crème.

One of the primary objectives of NMIMS is to influence management practice through education, research and consulting intervention. With a view to educate corporate professionals, the Institution offered courses both through campus and Distance Learning mode. It was one of the few institutions that started offering Management Programs at Certificate, Diploma and Post Graduate Diploma level in India, South East Asia and the Middle East through distance learning model. However, over a period of time the Distance Learning Division underwent changes curriculum, pedagogy and assessment. After becoming a University, NMIMS created a dedicated School for Distance Learning.

Responding to the new era of the 21<sup>st</sup> century, where technology has come to play an important role in the lives of an individual, we, at the University, felt that it was essential

to integrate it in our learning system. This would assist us in creating an enabling learning environment.

Today the School for Continuing Education offers courses using various learning technologies which includes both computer and mobile. We also feel that education is not a one time activity. Individuals have learning needs at different stages of their life and career. With this understanding the School of Distance Learning was renamed as School for Continuing Education. Technology has made Geography redundant and hence we felt we need to accordingly react this in our schools. NMIMS Global Access, which prefaces School for Continuing Education, reacts such understanding. We believe learners and teachers can come from anywhere in the world. The dream for NGA – SCE is to leverage the best resources available in the world to enhance learning experience of all those who join NMIMS NGA – SCE is yet another pedagogy tool for customized learning.

The University has created a support structure to assist you in all academic matters. To guide you through NMIMS Rules and Regulations, a Student Resource Book has been prepared which is available on the website of NGA –SCE and the University.

I urge you to read it carefully and sign a student undertaking at the last page and submit the same to the Academic Coordinator at the time of learning kit from your University Regional Office and NMAT Test Centre.

Feedback is important for all living organization. Hence, should you have any feedback to give, don't hesitate to write to the Director Mr Rajiv Shah at [Rajiv.shah@nmims.edu](mailto:Rajiv.shah@nmims.edu) or me at [vc@nmims.edu](mailto:vc@nmims.edu)

I am sure you will have an enriching learning experience.

## **Examination & Evaluation**

NGA – SCE examination evaluation mechanism has mainly two components:

1. Internal Assignment (IA)
2. Term End Examination (TEE)

Both the above components are mandatory in nature. To be declared as 'Pass' in each subject, a student needs to necessarily submit the Internal Assignment and appear for the Term End Examination and obtain passing criterion.

The examination and evaluation at NMIMS Global Access – School for Continuing Education is governed by the following policies:

# 1. Internal Assignment (IA)

- **Internal Assignment Credence and Policies**

- Internal Assignment credence is 30%.
- Students have to submit the assignment for each subject specified under the program that the student has enrolled for.
- Internal Assignment is a compulsory component and every student has to submit the assignment online only through the **Student Portal > Exams > Assignment** on or before the last date of submission declared by NGA-SCE for the respective exam cycle.
- Neither assignment submitted by hardcopy nor assignment sent via email will be accepted.
- Internal Assignment submission is no longer a prerequisite for doing exam registration. Student can either register directly for the term end examination and can submit the assignment on or before the last date of submission for that respective exam cycle or even submit the assignment in the next exam cycle but within the completion of program validity. In case the student appears for the Term End Examination without submitting the Internal Assignment for a particular subject, the result of that respective subject will be kept on hold and the student will have to submit the assignment in the next exam cycle but within the completion of program validity. The latest exam cycle assignment questions/guidelines will be applicable.
- For every exam cycle (June / Sept./ Dec / April), a fresh set of Assignment Questions would be uploaded on the student portal. Students are expected to download the applicable subject latest assignment question paper & submit the assignment on or before the last date announced by NGASCE for that respective exam cycle.

## b. Internal Assignment Structure

The purpose of the internal assessment is to evaluate the student's understanding of concepts and application thereof. Assignments are set to evaluate the student's thought process, conceptual understanding and application thereof. The assignment question may be:

- Case Study Analysis
- Analytical and Computational Problem Solving.

- **Internal Assignment Preparation Guidelines and Procedures:**

For the respective exam cycle, the Internal Assignment questions, assignment preparation and assignment submission guidelines are uploaded under **Student Portal > Exams > Assignment**. **Assignment question paper changes every exam cycle i.e. for every exam cycle (June / Sept. / Dec / April), a new set of Assignment Questions would be uploaded in the student portal. Students need to refer the latest applicable assignment question paper and guidelines applicable for the respective exam cycle before submitting the assignment.**

### **Internal Assignment Preparation and Submission Guidelines**

- Students need to submit Internal Assignments through **Student Portal > Exams > Assignment using the Assignment submission module**. (No assignment sent in hardcopy or via email will be accepted).

- Please exercise utmost caution while you submit the assignment.
- After every assignment submission an auto-generated email is sent from the system to the students registered email id. Students must keep a copy of the same for records.
- **Auto-generated submission email is only the acknowledgement of the file submitted by the student in the system (right/wrong/blank/corrupt) as the case may be and not confirmation from NGA-SCE certifying it is the right submission. NGA-SCE expects students to check the preview of their respective submitted assignment/s files.**
