Step by step instruction to access Enterprise Guide server

You would have received the USER ID and password via email from ngasce@nimms.edu

1. Open Internet Explorer and navigate to https://edulwebsg9.liveweb.sas.com

2. Log on with the user ID and password below. (Note: Each student must log on with a unique ID or students will disconnect each other.)
   User ID: *Sent on email*
   Password: *Sent on email*
   Please note that the password sent on email is case-sensitive.

3. Select the icon for the software application to be used in class (e.g. SAS, Enterprise Guide, JMP, etc). Select yes or accept for any windows that appear and continue.

4. The software application will open

5. To exit the virtual lab, close the application window by clicking the X in the upper right corner of the application window, then select File > Exit in the Citrix window. This will provide a complete disconnect from the virtual lab.
